What is Arzenou France?

Arzenou France is the Zionist organization for Liberal-Progressive Jews.

We provide political representation for the French liberal movement in the World Zionist Organization and the institutions linked to it.

It provides a bridge between Liberal-Progressive French communities and Israel. Its goal is to bring Liberal-Progressive French Jews and Israel closer together.

- Arzenou France promotes a Zionism based on the values of Liberal- Progressive Judaism: egalitarian, pluralist and attached to democratic values.
- Arzenou France is a member of the French Zionist Federation and the World Zionist Organization (WZO). Often identified as "the parliament of the Jewish people", the WZO is the only international forum that brings together Israeli and Diaspora organizations, and fosters discussion on important topics.
- Arzenou France holds one "mandate" in the World Zionist Congress, and can thus bring the voice of French Liberal-Progressive Judaism to the institution.

Arzenou France is a member of **Arzenou Olami**, the global umbrella organization of Progressive [Liberal and Reform] Religious Zionists.
